DR. RALPH WALDO LLOYD
President of Maryville College

GREETINGS FROM THE PRESIDENT OF THE COLLEGE

One of my privileges as President of the College is to write a few words of welcome for the "M" Book. The request to write such a message is one of the many natural expressions of the friendly spirit for which Maryville students and faculty are noted.

I am glad to welcome every student to our friendly and beautiful campus, to the disciplines of high quality college work, and to the influence of "The Maryville Spirit."

"The Maryville Spirit" is not easy to define although it is very real to thousands. In general outline it has long been described as containing the following elements: (1) Breadth of Human Interest, (2) Thorough Scholarship, (3) Genuine Religion, and (4) Unselfish Service.

These are essential qualities of life in time of war or peace. I hope you will find them prominent at Maryville.

RALPH WALDO LLOYD
President of Maryville College

PREFACE

Scared of coming to college, freshman? Don't be. Take it from us, Maryville is the friendliest place in the world. You see, through the Y.M.C.A. and Y.W.C.A. your initiation to college life will not be one of hazing and embarrassment. You'll be greeted by members of both the Y's, and they will do their level best to make you feel at home in the shortest possible time.

This little handbook is just our attempt to give you some inside information about Maryville College which the regular catalog cannot include. We hope we can give you an idea of the side of college life which makes it so easy to forget assignments for a while; and also, we hope it may increase your impatience to get into "the swing of things" here at school.

Section I

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

"Knoxville Terminal! Change here for all points south!" Hot dog! This is it. You're tired, dirty and somewhat unnerved by your trip, and you have a frightened, excited feeling at the thought of soon seeing with your own eyes the place you have visualized for so long. Your train or bus is rapidly emptying; so get out quickly. See those fellows and girls out there with Maryville lapel pins and streamers on their coats? They are looking for you; so go to them if they don't grab you first.

If you should not happen to see anyone wearing a streamer, then keep your eyes open for anyone carrying luggage with a Maryville sticker on it like your own. Perhaps you have already met Maryville people on the same bus or train, but if you're alone and are coming by train at an unusually early or late hour, you'd better catch a taxi to the bus depot. If you are coming by bus, just wait for the next Maryville bus. The buses run from Knoxville to Maryville on the hour, every hour except from 11:00 P. M. to 5:00 A. M.

During the day you will be greeted at Knoxville and again at Maryville. Here the fellows will see that the baggage you have with you is taken care of, though you may have to carry some of it.

You have six fairly long blocks to walk across the town and up college hill. Then you are here. Your first destination is the tables set up on the lawns at which you receive your room reservations, turn in your baggage checks for collection at the frieght office, and ask any questions you like. The girls at the information tables want to help you, so don't be afraid to ask them.

You are probably too tired when you first arrive to take a real survey of the campus, but by evening you may feel like roaming. Let's take a little tour of the campus now.

You probably came up the Corduroy from town, so let's start our tour from the gates there. Directly in front of us is the white frame building. Baldwin Hall, one of the girls' dormitories. To the right is Voorhees Chapel, the dark red brick building in which the daily morning worship is conducted and where all kinds of entertainments are held. Looking down the street from the Chapel is a large yellow brick building ,Carnegie Hall, the men's dormitory; and across the street from Carnegie is Memorial Hall, another girl's dormitory.

In front of the Chapel is Anderson Hall, a red brick buliding, one of the three oldest buildings on the Hill. Here are located the offices of President Lloyd, where sympathetic, understanding counsel is given to all who need it; Dean Hunter's office where you go for friendly advice on more things than grades; Miss Clemmie's office where you may find out about self-help; the treasurer's office, where you will get rid of your money; and the registrar's office, with which you will become very familiar. The rest of the building is devoted to classrooms.

As we walk out of Anderson past the fountain in front of us is the Book Store, where desk and study equipment can be bought at reasonable prices. A branch of the United States Post Office is located in the book room. From here mail is delivered to the dormitories and offices. Mail should be addressed: College Station, Maryville, Tennessee, with the addition of your dormitory and room number. The

Book Store also supplies a loan library called the James R. Hills Library.

To the left of the Book Store is Pearson's Hall, a large brick building with white columns, another dormitory for women. Most upperclass women room in Pearson's, while Memorial and Baldwin accommodate the sophomores and freshmen. On the first floor of Pearson's is the dining hall with which you will soon become familiar.

Behind Pearson's Hall to the left is the Ralph Max Lamar Hospital. A free clinic is held twice a week, and in case of slight illnesses no charge is made for nursing. The hospital has a very reasonable charge for patients confined to the hospital.

On leaving Pearson's Hall we shall go to Thaw Hall, the newest and largest building on the Hill. Just before reaching Thaw, glance to the left and you will see the Willard Memorial where President Lloyd lives. In Thaw Hall is located the Lamar Memorial Library which contains over 50,000 books. The library is open twelve hours a day from Monday to Saturday. The museum is located in a room partitioned off the library to the left of the entrance. In this room are found collections of rare objects from Japan, Korea, and China; relics of the Indians who used to live in this region of Tennessee: antiques from the Civil War; a model of our own college when it was known as "The Log College;" and many other interesting and valuable objects representative of the world. The second floor is used for classrooms.

We now leave Thaw and take a short cut over to Bartlett and the swimming pool, passing to the left of Fayerweather Science Hall in which are located the chemistry, physics, biology, zoology, and home economics laboratories and lecture rooms.

Bartlett Hall is one of the oldest Y.M.C.A. buildings in the South. It was built in 1901, the brick being made by the students themselves under the leadership of Kin Takahashi, a Japanese student. In this building are located the Y.M.C.A. Auditorium; a small gymnasium and the newly organized Recreation Center. You will quickly become acquainted with this Center, for almost every type of entertainment is provided for you there.

The swimming pool, where all the meets are held, is located in a separate building, to the left of Bartlett Hall. The pool itself is twenty-five by seventy-five feet. It is open for use on regular days throughout the week.

Behind Bartlett is the Alumni Gymnasium, one hundred ten feet square, equipped with a maple floor and collapsible bleachers.

As we walk out past the swimming pool we see the football field on the left and the baseball diamond on the right just before we enter the college woods. The woods are popular for picnics and Sunday afternoon walks, and the natural ampitheatre in the center of the woods is used for various programs during the year.

From the campus can be seen the distant Cumberland mountains on the west and the Great Smokies on the east. Truly, Maryville College has one of the most beautiful campuses of any college in America, and it is set in unusually beautiful surroundings.

Section II

STUDENT GOVERNMENT

The Student Council is an active organization in which all of the classes are represented. It is your organization and your voice in the activities of the school.

Student problems and ideas are discussed and brought to the faculty for consideration. We call it a clearing house between "management and labor." Last year the Council organized and sponsored a recreation center for faculty and students, and also was responsible for Town Night.

We are looking forward to a grand year. Lets all cooperate.

ACTIVITY

CHRISTIAN SERVICE. Maryville's Y.W.C.A. is open to all the girls on the Hill. It has always endeavored to help girls find real satisfaction in well-balanced Christian living. Keeping this aim ever in view, Y.W. has organized and conducts such groups as Nu Gamma Sigma, Pi Gamma Sigma, ,the Big Sister movements.

WORSHIP SERVICES. The Sunday afternoon worship services are planned to give inspiration and help. Problems of vital interest to all college girls are presented—personal, social, and international problems. Both new and old girls have opportunity to assist in some part of these services, and are greatly benefitted by the actual participation.

COMMUNITY SERVICE AND RECREATION. Besides the joint activities with Y.M.C.A. the program of the Y.W.C.A. includes such activities as the production of the May Day pageant, semi-annual tennis tournaments, social service work in the mission chapels and in the orphanage,and various social activities for the Y.W. members. The "Y" rooms in Thaw Hall are especially well adapted and equipped for group events or individual relaxation and enjoyment. All members are invited to use the "Y" rooms, which are always open throughout the day.

You will find that the members of the "Y" cabinet, the Nu Gamma and Pi Gamma leaders, and the old members of the "Y" are willing to help in every way possible. Give Y.W. a chance to be your friend and guide and join the old members as they strive toward the year's motto—"Laborers in the Harvest."

NU GAMMA CHAIRMAN'S WELCOME

WELCOME NEW GIRLS!

Again I say welcome to each and everyone of you new girls. I am not the only one who is looking forward to meeting you—there are many others. We hope that the minute you arrive here you will feel at home and will soon become as much a part of Maryville College as any of us. It is a wonderful thing to be a part of, too.

I am sure you have in store for you some of the happiest and busiest days of your life. If you have not already heard from your Nu Gamma leader, you will; and she will be able to give you suggestions which might be of assistance to you.

I will be seeing you in September, girls.

Sincerely,
JEAN MESSER
Nu Gamma Chairman

JOINT ACTIVITIES OF Y. M. AND Y.W.

Devotional

Joint devotional meetings are conducted co-operatively by the "Y's" several times each year. One Saturday each spring the cabinets hold Retreat away from the campus for planing and devotionals.

Cultural

The Artist Series, originally an activity of the Y.M.C.A., is now managed by a faculty committee assisted by the "Y's".

Recreational

Barnwarming, largely staged by the YWCA, is the gala affair that everyone attends on Thanksgiving evening in the Alumni Gymnasium. The proceeds help meet some world need.

Service

The Chatterbox is a social center and a convenient place to buy food, refreshments, and necessities. New students as they arrive on the campus are directed and aided by "Y" representatives. This handbook itself is a joint production.

YOUNG MEN'S CHRISTIAN ASSOCIATION

The President's Welcome

Hello there, New Fellows,

Congratulations! Your choice of Maryville College as the institution in which you will continue your studies is a wise one. The Y.M.C.A. of Maryville College welcomes you to the campus with the hope that you will find your stay here rich in Christian joy and fellowship.

Some of the best times on the "Hill" are had by those belonging to the Y.M. We're looking forward to having you join with us in our watermelon pow-wow, the "Y" overnight hike, the Sunday afternoon worship services, and our intramurals.

These are a few of the events sponsored by the "Y". We also help to sponsor the mid-week prayer meetings, the recreation center, the M Book, the Artist Series, and the Chatterbox.

The Y. M. C. A. wants you and needs you as a member. Won't you join with us as we strive toward our motto "Servants of Christ."

Sincerely yours,
ROBERT DOCKENDORF

Y. M. C. A. ACTIVITY

THE MARYVILLE COLLEGE Y.M.C.A. offers to all Maryville men a great opportunity for Christ-centered fellowship and service.

COLLEGE SERVICE. The service of the "Y" begins when a student enrolls. An upperclassman assumes special responsibility for writing to him during the summer and introducing him to the campus and old students when he arrives on the Hill. A Frosh Fellowship Club helps new men get acquainted and adjusted. The program continues with a watermelon pow-wow and a mountain hike in the fall and the annual banquet in the spring. The original sponser of interclass athletics, the "Y" now helps administer the intramural program. The Devotions Committee regularly distributes copies of "Today" to all of the college men.

COMMUNITY SERVICE. The "Y" provides ship for the program of the local cub pack and a scout troop it started.

WORSHIP. The central feature of the program is the Sunday afternoon meeting; through guest speakers, special music, or student discussion the attempt is made to reach the various problems of college men with the vital resources of religion.

Section IV

ACTIVITIES

SOCIETIES

HONORARY

Pi Kappa Delta

Maryville has the honor of having the Tennessee Alpha Chapter of the national honorary fraternity, Pi Kappa Delta. Members of the debate squad have consistently ranked high in national and local tournaments. There is a a freshman debate squad as well as a varsity squad, both of which meet as classes and receive college credit for their work.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity, Theta Alpha Phi. All students have opportunnity to try out for the plays given by various organizations each year.

Sigma Delta Psi

Membership in Sigma Delta Psi is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee.

Alpha Gamma Sigma

Alpha Gamma Sigma was organized for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten percent of the graduating class may be admitted provided the members have a grade point ratio of 6.5 or somewhat more than a B average.

SOCIAL

In the past there were four literary societies on the Hill. Recently all of the organizations have swerved from their original purpose, and have become purely social societies. The girl's societies, Bainonian and Theta Epsilon, are the sister societies of the men's organizations known as Athenian and Alpha Sigma. The societies meet every Saturday evening for programs of interest and fun.

ORGANIZATIONS

RELIGIOUS

The Ministerial Asociation

Organized in 1900, the Ministerial Association is composed of students that are candidates for the Christian ministry. It has for its object the enlistment of its members in various forms of active Christian work and the discussion of themes relating to the work of the ministry. Its members conduct regular preaching and pastoral work in the county prison, local missions, and the country churches in the vicinity of Maryville.

Student Volunteers

Since 1894 the students have maintained a Student Volunteer organization which is one of the strongest religious influences in the College. It is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this type of work. Regular meetings of the group are held Sunday evenings after Vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first-hand material.

Parish Project

The Parish Project is a program of Christian service to communities in the vicinity of Maryville. Students who volunteer and are accepted for service in the Project carry on various types of service activity. These include Sunday school teaching and administration, teaching week-day Bible classes in a selected group of public schools, supervising young people's societies, and the leadership of character-building activity groups for boys and girls. The project is jointly sponsored and supported by the Board of National Missions, the Board of Christian Education, Maryville College, and the New Providence Presbyterian Church of Maryville. All who serve in the project are enrolled in a class and receive academic credit for satisfactory completion of the work each semester.

INTEREST

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

Nature Club

The Nature Club is organized for all those who are interested in Nature. The programs are planned to include movies, demonstrations, and similar entertainment. No technical knowledge is required for membership.

Art Club

The Art Club is interested in promoting appreciation of art and in stimulating its members to creative work. There is a wide field of interest which includes architecture, sculpture, and other branches of creative art.

Disc Club

The Disc Club is organized for music lovers who desire better understanding and appreciation of good music. Each program is built around one composer's work and is introduced by a qualified commentator.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in the athletic activities sponsored by the Point System.

Language Clubs

For students interested in modern languages and in the manners and customs of foreign countries, there is opportunity to gain confidence in the use of the foreign tongue, and to have enjoyment in the French, German and Spanish Clubs. The programs are varied from seeing pictures and hearing lectures to giving plays in the foreign language.

Pre-Medical Club

This club is organized to promote interest in medicine and in the medical profession. Anyone having interests along these lines is invited to join.

The International Relations Club

This club is to help students think intelligently about world affairs, presents well-informed speakers, informal discussion groups, and a current events forum.

MUSICAL

Choir

The College Choir provides good training and sheer joy for those who are interested in singing. It is composed of approximately fifty-five students who are admitted to its ranks only after passing rigid voice tests. In addition to its participation in the daily chapel and weekly Vesper services, the choir takes part in special programs on the campus and in town, and sometimes gives concerts in nearby cities.

Glee Clubs

The Glee Clubs are composed of a limited number of men and women who are interested, and who successfully pass the voice tests given. The outstanding program of the year given by the Glee Clubs is the yearly spring concert.

Band

The College Band is open to students with a fair ability to play a band instrument. Although no college credit is given for participation in this organization, band letters can be earned by faithful members.

Orchestra

Opportunity to become a member of the orchestra is given to all interested students who have sufficient musical training. Under certain conditions such membership carries limited credit. A spring concert is also given by the orchestra.

SOCIAL

Pi Gamma Sigma

This organization is sponsored by the Y.W. C.A. to promote fellowship between the town girls attending college and the dormitory girls. A luncheon is held every two weeks and an interesting program presented.

"B. G."

Originally formed for the purpose of hiking, this women's club has gradually taken on more varied activity. The membership is limited to eight persons.

Pi Upsilon

This club is sometimes called the Hi Trail Club. Like the "B. G." Club it is a hiking club organized for the men, membership being limited to twelve persons.

PUBLICATIONS

Highland Echo

The "Highland Echo" is the Maryville College student paper which is delivered weekly. The editorial staff consists of members of the four college classes, selected on a competitive basis. Freshmen students are allowed to try out for the "Echo" through their English classes at the first of the year, twelve apprentices being chosen each year by the examination of samples of their writings in competitive tryouts.

Chilhowean

The "Chilhowean" is the annual year-book which is published by the members of the junior class assisted by representatives of the sophomore class. Containing a summarized record of the year's work in all departments of the college, this makes an attractive souvenir. After ordering their 1946 annuals, freshmen and new students will find it informative and interesting to sample last year's or earlier copies in the library.

"M" Book

The "M" Book is published each year by the Y.W.C.A. and the Y.M.C.A. and is designed to orient the new students to some extent to the type of program which Maryville presents in the cultural, religious, athletic and social fields. Copies are sent out to each new student before he comes to school.

PROGRAMS

RELIGIOUS

February Meetings

Since 1877 February Meetings have been a part of the religious program. A prominent religious speaker conducts daily services, the object of which is to deepen the spiritual life on the campus.

Fred Hope Drive

The annual Fred Hope drive is for the collection of funds for use in the work of an African mission school of which Mr. Hope, a former Maryville student, is superintendent.

Vespers

A Vesper Service is conducted in the chapel each Sunday evening during the college year. The service includes a sermon by some outstanding person, either a faculty member or a visiting speaker and special music by the Maryville College Choir.

Messiah

Each year on the Sunday before school is dismissed for the Christmas vacation the Fine Arts Department presents Handel's "Messiah" with a chorus of a hundred or more voices, built around the nucleus of the choir and the glee clubs, accompanied by the college orchestra.

CULTURAL

Artist's Series

These programs are sponsored by the Y.W.C.A. and the Y.M.C.A. Each year the college brings to the campus a number of featured artists. Tickets are sold to the public; the cost to the student is included in the Student Activity Fee.

Guest Speakers

Each year the College brings many outstanding speakers from various parts of the state, the country, and the world to give the students first-hand information on the type of work which they do.

ENTERTAINMENT

The Social Committee which is organized by the Student Council has charge of all social and recreational activity outside of the regularly planned programs of the year.

Recreation Room

The Recreation Room is the pride and joy of all students because it is something which they dreamed of, organized, planned and finally made a reality. The Room is open at certain times each day to any student who wants to play a game of ping-pong, or try his hand at shuffleboard or badminton, or simply curl up in a comfortable chair and read a magazine.

Town Night

Tuesday night is not just Tuesday night anymore—it's Town Night, the night when you can get off the campus to see a movie or go bowling. Sponsored by the Student Council, Town Night has been a big success; and it certainly helps to break the regularity of the week's work and study.

Section V

ATHLETICS

INTERCOLLEGIATE

For over half a century Maryville has maintained teams in intercollegiate competition. Because few men remain at Maryville and other colleges, there will probably be no intercollegiate athletics at Maryville for the duration of the war.

INTRAMURAL

The intramural program provides Maryville men with a chance to participate in various non-varsity sports for good fellowship, vigorous competition, and physical fitness. Running through the year as part of the physical education program, two types of competition are offered. The division or team sports are conducted in two leagues, society and independent, operating on the same schedule. Play-offs are held between league champions. The all-college sports are engaged in individually or in small groups, each person representing himself. Faculty teams or individuals may take part in intramural activity but are not eligible for awards. Sports which are included in the intramural program are speedball, football, basketball, swimming, track, and softball. A phamphlet has been prepared in former years which sets forth the organization, objectives, regulations, point system and other information concerning the program.

POINT SYSTEM

As at most colleges, there are no longer intercollegiate contests for women at Maryville. For them has been substituted the Point System, directed by Mrs. Evelyn N. Queener and her assistants. Like the men's intramural program, the Point System attracts those seeking voluntary and required exercise.

Participation in the different sports qualifies a girl for a given number of points. To those earning over 300 points awards are made at the end of the year. Every girl must walk the seven-mile loop twelve times a year, swim twice a month, and spend an hour in exercise daily. Those who play basketball, soccer, indoor baseball, or volleyball earn 30 points for their team. Taking part in swimming, track, tennis, hiking or aerial dart tournaments entitles a girl to 50 points. Additional points are awarded for sportsmanship, membership on the squad, managing a team, and perfect attendance. The observance of health rules gives a maximum of 25 points a semester. High scholarship adds a percentage of the total. Members of "M" Club (those who have earned at least 400 points) take a mountain hike each spring, and enjoy several other activities.

1944-1945 AWARDS

"M" and Sweater—Winifred Sommers, 572; Evelyn Anderson, 560; Carol May Short, 555; Elsie Jean Cotton, 500.

Common Sense For College Students

Have regular hours for study—and use them for study. Effective studying is partly a science and partly an art to be mastered by each individual through studying his own particular habits and needs.

"Tote fair" with the home folks. Match their sacrifice with your diligence. Write to them, especially Mother, at least once a week. Your neglect will convict you of the crime of ingratitude.

Be yourself—your best self, consistently. If you have ideals, hold on to them; if you have questions, ask them; if you have ideas, put them to work.

Don't let anyone tell you that "activities" are as important or more important than stud-

ies. They're not—at least not for any student who has a reasonable amount of brains and intellectual interest. If you haven't these, leave college now!

When you get a chance to further a friendship with a professor, don't be a fool and think it isn't done—grab it!

Spiritual "rickets" may be fashionable with some students but you cannot walk with undernourished legs. And walk you must to live, and live you must before you dare to die. So—go to church; not to please the school, but to refill yourself with strength, courage, and truth in order that you may perform with the greatest ability your life tasks as you see them cut out before you.

Experience is the stuff of growth; and you grow only when ou reflect upon and evaluate your experiences and the experiences of the race, and then on the basis of such evaluations, act more wisely in the future from the way you have acted in the past.

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its directors are elected by the Synod of Mid-South of the Presbyterian Church in the U.S.A.

It is a Christian liberal arts college with the purpose of providing a general cultural education. During the war period it also rendered a special service in its Army Air Forces college training program.

Its fees are deliberately kept at a low level for the benefit of those who might not be able to attend otherwise. This makes earnest cooperation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.
